

VisionX and VentureX Launch Successfully Marks the Beginning of a New Entrepreneurial Journey

The launch of **VisionX and VentureX– the Pre-Incubation Programme of RVEI Incubation Foundation** was successfully held, bringing together aspiring student entrepreneurs, industry leaders, startup mentors, and the RV leadership to celebrate the spirit of innovation and entrepreneurship.

The programme commenced with an inspiring welcome and an overview of VisionX by **Dr. Lakshmi Jagannathan**, setting the stage for an exciting entrepreneurial journey for the selected participants.

Mr. Chinmaya A. M., Partner, Agraga, shared valuable insights on the evolving entrepreneurial landscape and the importance of embracing innovation in today's world.

Mr. Nikhil A. M., Assistant Secretary, RV Educational Institutions, highlighted RV's vision and unwavering commitment to fostering entrepreneurship and supporting young innovators.

Mr. Magendra Kamalnath, Campus Fund, provided practical perspectives on building investable startups and preparing founders for the fundraising journey.

Mr. Ganesh Shankar, Founder, Fluxgentech, inspired participants by sharing his startup journey, lessons learned, and experiences of building a successful venture.

Dr. Lakshmi Jagannathan, Incubation Architect- RVEI-IF conducted an engaging session on the Lean Model Canvas, equipping participants with a practical tool to validate business ideas and identify key elements of a successful startup.

The event concluded with an engaging introduction to the VisionX and VentureX programme structure and the Lean Model Canvas, equipping participants with the foundation to transform their ideas into impactful ventures.

A heartfelt thank you to all our distinguished speakers, guests, mentors, faculty members, and enthusiastic participants for making the launch a memorable success. We look forward to witnessing the innovative ventures that will emerge from VisionX.
